RIPPLEFOLD

This soft, yet contemporary design is suitable for sheer or (heavier) drapery-weight fabrics, both of which maintain their elegant “ripple” effect in the open and closed positions.

RIPPLEFOLD — Stylish Symmetry

280+
RIPPLEFOLD FABRICS

Elegant design, easy installation and straightforward functionality make Ripplefold draperies a great window treatment for both residential and commercial spaces. With its symmetrical folds and flowing aesthetics, Ripplefold draperies can complement both traditional and modern décor.

KEY FEATURES

- **EUROHEM** — A weighted, bottom-sewn hem for an **ideal drapery hang**.
- **SMOOTH OPERATION** — The stiffened snap tape header is suspended under the track so it **won't sag or snag**. Corner weights and blind stitched side hems finish off the soft rippling folds for a clean, tailored look.
- **STACK UP SAVINGS** — Ripplefold draperies typically use less fabric, which provides **a tighter stack and cost savings** versus traditional draperies.
- **EASY CLEANING / CHANGING** — The snap tape header enables you to **easily clean or change panels** for a fresh look to compliment new home furnishings or wall colors.
- **MADE TO YOUR SPECS** — flair21's workroom uses Kirsch snap tape, suitable for 60%, 80%, 100% and 120% fullness, in one-way or split draw with baton or cord control and butt or overlap master.
- **QUICK TURN AROUND** — Get custom panels **within 15 business days** for in-stock fabrics.
